

Prep-List K-9 Search for Bed Bugs

Inspection Details

- Eagle Pest Control & Tree Service will survey the areas to be inspected and provide the client with an estimate of service time. The owner has the right to stop the search at any time. (Hourly charge applies; we do not prorate.)
- The canine inspection team will consist of a K-9 Team and a visual inspector.
- We will inspect and mark each room and areas of alert. We will perform visual inspections. The number of visual inspections depends on the location, the number of alerts, and the places the dog alerts on. (Note: It is not possible to visually verify the existence of all bed bugs due to size and location.)

Inspection Requirements

- All pets must be removed to an area not involved in the inspection.
- Pet food and water **MUST** be removed.
- No food or drinks should be left on the floor, tables, or furniture.
- You must remove all potpourri, deodorizers, air fresheners, etc., at least two hours before the inspection.
- Carpet deodorizers can significantly affect the outcome of the inspection. Please vacuum any deodorizers at least 24 hours before the inspection.
- All windows and doors must be closed at least two hours before the inspection.
- Heaters, air conditioners, ceiling fans, etc., need to be turned off at least 30 minutes before our arrival.
- All rooms must have as much clutter removed as possible.
- Distractions can affect the dogs' performance. Therefore, we ask that all noise and human interactions be kept minimum. We encourage owner observation, but please leave the inspection to us.
- **NO SMOKING** at least 3 hours before our arrival or at any time during our visit. For the health and safety of the dog and the accuracy of the inspection, no inspection can take place within 45 days of any chemical treatment.

* Failure to follow the above guidelines can significantly alter the outcome of your inspection.

* Eagle Pest Control & Tree Service reserves the right to refuse to search any area if any of the above steps are not taken.

* Eagle Pest Control & Tree Service will not search any area that jeopardizes the safety of its staff or K9.

* Additional fees may apply if a re-inspection is necessary due to non-compliance with the above checklist.
